

International Short Film and Arts Festival

www.fisfa.org

FISFA – International Short Film and Arts Festival, is inviting film /media professionals, students as well as amateur film makers to showcase their films broadly themed on healthcare issues with a tag line of “Leaving no one behind”. The event is also open to healthcare workers for submissions with an objective of strengthening medical humanities.

The event is being hosted and supported by the Academy of Family Physicians of India (AFPI), a non-profit society working towards developing primary healthcare system in India. The event is being organized in partnership with 15th World Rural Health Conference (WRHC 2018) at India Habitat Centre New Delhi.

FISFA is being co hosted during this event by a professional team from artistic background. Healthcare professionals and faculty from leading universities will be participating at the 15th World Rural Health Conference. Overall objective of both these events is to prioritize rural healthcare on global agenda. We are looking forward to host you during FISFA 2018 New Delhi.
